INNOVATIONS IN AGING ONLINE GRADUATE CERTIFICATE

The Innovations in Aging GIDP is part of the University of Arizona Graduate College and involves collaboration among faculty from the University of Arizona Center on Aging and colleges across campus.

Specialize in aging

In as little as two semesters, you can gain the foundational knowledge and skills needed to support older adults in any industry.

13 units, 5-week courses

This 100% online graduate certificate program is designed to meet the needs of busy students and professionals. No GRE required.

Setting you up for success

Once you complete this program, you can apply for professional certification through the National Association of Professional Gerontologists, **and** you will be a third of the way through our online Master of Science degree.

The graduate credits you earn throughout this program can be used to fulfill requirements for other graduate programs offered at the University of Arizona.
