ONLINE MASTER'S PROGRAM

MEET THE NEED FOR PROFESSIONALS SPECIALIZING IN AGING

SPECIALIZED INTERDISCIPLINARY ONLINE PROGRAM

This 100% online master's program is designed to be completed in two years, with 36 units of graduate credit, providing the foundational knowledge and skills needed to support older adults in any industry.

SETTING YOU UP FOR SUCCESS

The first year of the program's courses align with 12 credits of the Innovations in Aging Graduate Certificate, which upon completion, can apply for professional certification through the National Association of Professional Gerontologists. The second year of the program consists of more advanced courses to address the needs of the aging population.
